

OUR CLASSROOM NEWS

Ms. Lou

First Grade- Main Teacher (English, Mathematics & Life Studies)

Week of August 30th – September 10th 2021

Vol.14

The Seto- Solan students attentively took their first test for TOEFL- step 1 last August 26th. It was a two phased test focused on reading and listening skills. The test results will be released maybe this week or after this week.

Our Learning

English

Last week, students were able to learn about family members and different occupations. This topic comes along with a speech where students will shortly describe about their family. Phonics are still on topic. But this time and onwards there will be more reading. Reading sentences, a short paragraph or story.

Life Studies

Students were able to plant sprouts. They chose between radish and broccoli. This week they will do recording. They will harvest them at home.

Mathematics

Last week we had problem solving involving subtraction less than 10. Students will start reading mathematics problem to enhance their reading ability not only in English but also on those subjects where medium of instruction is English Language.

Future Events

We would like to remind the students and the parents of the following future events that will be involved by the students;

September 23rd- Speech and Skit Presentation. Parents and Teachers Conference.

October- Halloween Special Lesson

Reminders

Dear Parents as we move forward I would like to remind you that there could be more reading assignments for your students in English. Photo-Copies will be attached to their notebook .
