

NEPTUNE BULLETIN

Grade 1-2

Ms. Lou

October 18-22, 2021

Vol. 20

Students in Action

Students were excitedly looking for the signs of Autumn within the school ground. Some were recording. Others were taking photos of what they had found.

What we have learned

Over the week, students learned the following.

English

Through natural conversation with classmates and teachers they learned vocabulary about feelings and the target expressions "How are you feeling today?".

Classroom English such as; stand up, sit properly and many more. Basic information about themselves and the food that they like.

Life Skill

Learning about the kinds of seasons and what are the seasons in Japan.

Looking for the signs of Autumn within the community.

Mathematics

Adding Mentally
