

NEPTUNE BULLETIN

Grade 1-2

Ms. Lou

January 17-24,2022

Vol.28

Students in Action

Random pictures during classroom activities in **Mathematics** and **English**. In math, they work individually, which enhance their imagination and creativity. Collaboration with their classmates, practicing asking and answering using the target expressions of the day, was shown during their activity in English.

Message from Ms.Lou

Dear Students &Parents,

I wish you have a wonderful New Year. This quarter is the last for 2021-2022. There are many activities that will help our students to read and comprehend. It is quite challenging for some students but I believe they can do it. My dear Neptune you can do it!

What We Have Learned

Over the week students learned the following;

ENGLISH

- Vocabulary (Fruits)
- Practice the target expression "I like. I don't like."
- New chant- Fruits I like.
- Phonics, reading short stories (orally)

LIFE SKILLS

- * Traditional Games of Japan in English terms.
- * Traditional Games of the Philippines.

Mathematics

- * Shapes- creating and sorting shapes.
