

Solan Big Thinkers

G1 English Update · April

Welcome to English!

By Mr. Oliver

I hope everyone enjoyed their first month at SOLAN! It's been great seeing everybody getting settled into their new school life. Every month, the grade one English teachers would like to give you a quick update of what we've been working on.

This month we focused on classroom English and introducing our new books, Jolly Phonics and Our World.

Practise at Home!

Question and answer.

How are you?	I'm <u>happy</u> .
How's the weather?	It's <u>sunny</u> .

Phonics

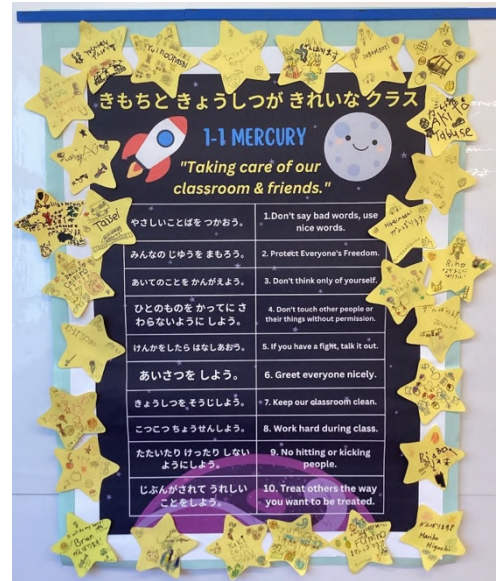

Make the sound, do the action, read the words.

1-1 Mercury

By Mr. Brian

The students have really taken to participating in English class and it is so inspiring to see! Recently, we have decided class jobs and goals for us to help make a nice classroom. P.E. has also been enjoyable with a variety of light exercises and group activities to loosen our bodies up!

1-2 Neptune

By Ms. Anne

I'm happy to see how students were able to feel comfortable during our English classes! They are very active and love joining different activities in class. We started learning the first 3 letters in Jolly Phonics, and look how they love singing and dancing!

1-3 Polaris

By Mr. Oliver

I'm really happy with how many students are reading Kids A-Z at home, keep it up! Everyone was excited to watch a caterpillar turning into a butterfly, but the most excited was Ms. Maley!
