

SOLAN HARMONY

PROJECT PROGRESS

This week, the project class split into four different groups: Project Coordinator, Special Activities, Presentation, and School Tour. Each group elected a leader, and students are collaborating to plan a very exciting day for the Singapore Exchange Project.

In 6-2 English, we practiced writing biographies. Each student had the opportunity to research and write about the life and accomplishments of someone they admire. It was great to hear about friends, family and idols!

“Embracing Diversity, Creating Harmony: Students Unite for Success”
