

# SOLAN HARMONY

## PHYSICAL EDUCATION

Excellent

TEAMWORK

In P.E., students are mastering the Jump Box! It is impressive to watch them help each other succeed by offering advice and displaying proper technique. By actively thinking about the way we move our bodies, we can avoid injury and achieve greater results. Many students were even brave enough to tackle the more advanced rolling stations!

## ENGLISH PRESENTATION

English Presentation is drawing closer. Students are actively working to practice their presentations and create their booths. Next week will be a practice session, where students present to grade 4 in preparation for the real Presentation Day on September 26th!
