

SOLAN HARMONY

Tea Ceremony Group

Mr. Anthony mentioned “One Stone” in his last newsletter, and the students are making great progress in preparing for their visit. The 5th and 6th graders were divided into different groups based on their interests: welcome ceremony, calligraphy, tea ceremony, school tour, sightseeing, presentation, inquiry, group discussion, lunch, and lunch break. They have used their time well, putting in their best effort to prepare for their roles, and everyone is eagerly looking forward to the event!

The One Stone teachers and students will visit the school from Tuesday, February 25th to Wednesday, February 26th, spending two days engaging in various activities with our students.

On the first day, One Stone will give a presentation about their school, providing a valuable opportunity for SOLAN students to learn how it operates - with their students actively involved in school management and independent learning. On the second day, they will participate in a group discussion and a tea ceremony, allowing for further cultural exchange and meaningful conversations. On the third day, they will go on a sightseeing tour around Aichi with some of the SOLAN students.

Welcome Ceremony Group

Sightseeing Group

This visit will not only be a great chance for our students to enhance their English communication skills but also to develop a deeper understanding of student-led learning and cross-cultural exchange.
