## Working as a Team

Since we'll be working in teams so much for the rest of the year, this is a good time to focus on what makes that teamwork successful.

I know that for some, group work is exciting, while for others, it can be a real challenge. Both feelings are perfectly normal. With projects and school trips coming up, we'll have many opportunities to strengthen the way we work together.

Being a good team member is about listening when someone else is speaking, then having the confidence to share your own ideas. And finally, it's about being someone your teammates know they can rely on to get their part of the work done.

## English Presentation

I'm very happy with the presentation ideas we've all decided on together. Our next step is to get as much practice as we can!

I know that speaking English in front of an audience can feel like a big challenge. Remember that what's most important isn't having perfect English, but that you try your best.

I hear you all speaking English in class, so I am confident in your abilities. This is a great opportunity to show your parents how much progress you are making! Starting next week we begin practicing every lesson so you will feel prepared and confident on the day.

Have a nice weekend!

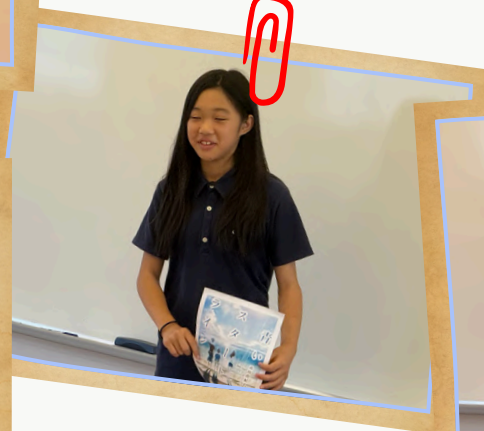

**We will value "Purpose" and "Ownership" for you**
