Grade 4 English

Hello! My name is Nathan, and I am the English homeroom teacher for Grade 4 Class 1. It was wonderful to see the students again after the long spring break. I am very excited to work with this group once more and look forward to a fun and exciting year together.

In English this year, our goal is to help students naturally develop their skills in listening, reading, writing, and speaking. We will focus on building their confidence step by step so they feel comfortable using English in a variety of situations. A key part of our learning will be expanding vocabulary, allowing students to express their ideas more clearly and in different ways.

We will also encourage students to communicate actively, think creatively, and support one another in their learning. Through activities, conversations, and writing tasks, we want to make English both enjoyable and practical. Creating a positive and encouraging classroom environment will be important so every student feels confident to try, make mistakes, and improve.

I am looking forward to a great year of growth and learning with your students. Thank you for your continued support.
